CHANAKYA NATIONAL LAW UNIVERSITY

*organises*

## *International Conference on TRIPS and Sustainable Development Goals, 2030: Global South Perspectives*

### Revised Conference and Abstract Submission Dates

Date: 22 March 2026 (Revised)

#### Mode: Hybrid

- Online - MS Teams
- Offline - CNLU Campus

#### Important Deadlines:

Abstract Submission (Extended):  
28 February 2026

Full Paper Submission: 15 March 2026

Registration Deadline: 18 March 2026

# About Bihar

Bihar is one of the world's oldest living civilisations and a land of rich historical, cultural, and spiritual heritage. For centuries, it has been a centre of learning, philosophy, and democratic traditions. Hosting this conference in Bihar offers participants a unique opportunity to engage in meaningful academic discussions while experiencing a region that has shaped important ideas related to education, peace, and social development.

Bihar is globally recognised as the land of Lord Buddha and Lord Mahavira. Bodh Gaya, where Lord Buddha attained enlightenment, is located about 110 km from Patna and is a UNESCO World Heritage Site visited by pilgrims and tourists from across the world. Other major heritage destinations include Nalanda (about 95 km from Patna), the site of the ancient Nalanda University; Rajgir (about 100 km), an important Buddhist and Jain centre surrounded by scenic hills; Vaishali (about 55 km), known as one of the earliest republics in world history; and Pawapuri (about 90 km), a sacred Jain pilgrimage site.

Patna, the capital city of Bihar, blends ancient history with modern urban life. Important attractions within the city include Takht Sri Patna Sahib Gurudwara, Golghar, Gandhi Maidan, the Bihar Museum, and the Patna Museum. The city also offers a range of hotels, conference facilities, local cuisine, and shopping options, making it comfortable and welcoming for national and international delegates.

For nature and wildlife enthusiasts, the Valmiki Tiger Reserve, located about 260 km from Patna, offers forests and rich biodiversity. Bihar is also well known for its traditional art forms such as Madhubani painting, handloom textiles, folk music, and vibrant festivals like Chhath Puja, which reflect the state's close connection with nature and cultural traditions.

Patna serves as a convenient base for exploring Bihar, with good road and rail connectivity to all major tourist destinations. Many important sites can be visited as day trips or short excursions, allowing conference participants to combine academic engagement with cultural and heritage tourism.

## How to Reach Patna

### By Air:

Patna is served by Jay Prakash Narayan International Airport (PAT), which has regular domestic flights from major Indian cities such as Delhi, Mumbai, Kolkata, Bengaluru, and Chennai. In addition, Gaya International Airport (GAY), located about 110 km from Patna, operates international and charter flights, particularly from East and Southeast Asian countries, and serves as a key gateway for visitors to Bodh Gaya. International delegates can conveniently arrive via Delhi, Kolkata, or Gaya, and travel onward to Patna by road or rail.

### By Rail:

Patna is a major railway hub in eastern India. Patna Junction, Rajendra Nagar Terminal, and Danapur Station are well connected to all major cities across the country through express and superfast trains.

### By Road:

Patna has good road connectivity through national and state highways. Comfortable bus services and taxis are available from nearby cities and major tourist destinations within Bihar.

# About Chanakya National Law University

In the state of Bihar, where the seeds of the earliest republic were sown and the crop of democracy cultivated, a need was felt by the government for a university which would provide quality legal education and strive to raise the national legal standards to competitive international level and promote legal awareness in the community, which will lead to realisation of goals embodied in the Constitution of India. Thus, on July 15th, 2006 came into being Chanakya National Law University (CNLU) at Patna by the Government of Bihar (Bihar Act No. 24 of 2006) as a public university dedicated to the field of legal education. The Hon'ble Chief Justice, Patna High Court is the ex-officio Chancellor of the university. Prof. Dr. Faizan Mustafa is the Vice-Chancellor of CNLU, Patna. The CNLU is running five years B.A.-LL.B., B.B.A.-LL.B., LL.M., PG Diploma and Doctoral programs. CNLU has also started 3 Years LL.B. course in 2025. This is one of the Premier Academic and Research University in India.

# About DPIIT IPR CHAIR & CIRF

DEPARTMENT FOR PROMOTION OF  
INDUSTRY AND INTERNAL TRADE  
MINISTRY OF COMMERCE & INDUSTRY,  
GOVERNMENT OF INDIA

The DPIIT-IPR Chair of Chanakya National Law University (CNLU), Patna, was instituted under the visionary initiative of the Department for Promotion of Industry and Internal Trade (DPIIT), Ministry of Commerce & Industry, Government of India. The Chair plays a pivotal role in advancing high-quality research, academic discourse, policy formulation, and capacity-building in the domain of Intellectual Property Rights (IPR). It serves as a crucial bridge between academia and policymaking, enabling the development of informed, pragmatic, and future-ready IP frameworks that respond to emerging technological and creative challenges.

CENTRE FOR INNOVATION  
RESEARCH AND FACILITATION  
CHANAKYA NATIONAL LAW UNIVERSITY, PATNA

The Centre for Innovation, Research and Facilitation (CIRF) stands as one of CNLU's flagship research and development hubs, dedicated to fostering excellence in interdisciplinary scholarship, innovation, and academic advancement. CIRF provides an enabling environment that supports research incubation, entrepreneurial exploration, policy-driven inquiry, and knowledge dissemination across diverse fields of law and allied disciplines. Through workshops, capacity-building initiatives, collaborative research projects, and student-faculty mentorship platforms, the Centre promotes a vibrant ecosystem of creativity and critical inquiry.

# Concept Note

The Agreement on Trade-Related Aspects of Intellectual Property Rights (TRIPS) and the Sustainable Development Goals (SDGs) are two key global frameworks that shape development outcomes worldwide. As the 2030 deadline for achieving the SDGs approaches, there is a growing need to examine how TRIPS supports or constrains sustainable development, particularly in the Global South.

TRIPS establishes international standards for the protection of intellectual property, including patents, copyrights, trademarks, and industrial designs. Its objectives include encouraging innovation, promoting technology transfer, supporting international trade, and providing legal certainty. At the same time, TRIPS recognizes the need to balance private intellectual property rights with public interests such as public health, education, and development, an issue of particular importance for developing and least developed countries.

The SDGs aim to end poverty, improve health and education, reduce inequality, promote sustainable economic growth, protect the environment, and strengthen global partnerships by 2030. They emphasize inclusive, equitable, and people-centered development.

The relationship between TRIPS and the SDGs is critical. Intellectual property rules affect access to medicines, climate technologies, digital knowledge, and innovation systems that are essential for achieving the SDGs. While strong IP protection can encourage innovation and investment, rigid application can limit access to essential goods in developing countries. TRIPS therefore includes flexibilities such as compulsory licensing and measures to support technology transfer that allow countries to safeguard public interests and advance development goals.

This conference provides a platform to explore these issues from Global South perspectives. It brings together diverse stakeholders to share experiences, discuss challenges, and reflect on how TRIPS can be aligned more effectively with the SDGs to promote equitable, inclusive, and sustainable development as the world moves toward and beyond 2030.

# Themes and Sub - themes of conference

---

## **TRIPS, Public Welfare, and Human Development**

1. TRIPS Rules and Access to Medicines (SDG 3: Good Health)
2. Copyright, Education, and Access to Knowledge (SDG 4: Quality Education)
3. TRIPS Flexibilities and Public Welfare (SDG 10: Reduced Inequality)

---

## **TRIPS, Innovation, and Economic Growth**

1. IP Protection and Technology Sharing (SDG 9: Industry and Innovation)
2. Digital Technologies, Data, and IP (SDG 8: Decent Work and Growth)
3. Patents, Competition Law, and Fair Economic Growth
4. IP, Start-ups, and Inclusive Innovation in South Asia

---

## **TRIPS, Agriculture, and Biodiversity**

1. Agricultural Patents, Farmers' Rights, and Plant Variety Protection (SDG 2: Zero Hunger)
2. Traditional Knowledge, Biodiversity, and TRIPS (SDG 15: Life on Land)
3. Seed Patents, Access to Agricultural Inputs, and Sustainable Farming (SDG2 & SDG 12)

---

## **TRIPS, Climate Change, and Sustainable Production**

1. Green Technologies, Patents, and Climate Action (SDG 13: Climate Action)
2. IP and Access to Clean Energy Technologies (SDG 7: Affordable and Clean Energy)
3. Patent Rules and Local Manufacturing (SDG 12: Responsible Production)

---

## **Global IP Governance and North-South Dialogue**

1. North-South Cooperation on IP and Development (SDG 17: Partnership for the Goals)
2. Impact of TRIPS-Plus Rules on Sustainable Development
3. South Asian Use of TRIPS Flexibilities for Affordable Innovation
